

Dr R. Khan

Dr. R. Khan was the Head of Intellectual Property for Aramco Entrepreneurship, and now leads the Technology Strategy Group of Upstream Advanced Research.

Dr. Khan transformed the IP domain of Saudi Aramco by developing first Corporate IP policy for Saudi Aramco, and later for King Abdullah University of Science & Technology. He incorporated IP landscaping to shape R&D and IP strategy. He served as the Distinguished Lecturer for SPE and offered lectures that included Harvard and MIT.

He is author or editor of six books including, "Changing the World by Technology Transfer" (also translated in Chinese), and authored over 200 professional articles.

Dr. Khan is a Certified Licensing Professional (CLP). He received Texaco's highest technical award for creativity. The details are on his website <http://rushkhan.org>
