

Dr. Wilaiporn Chetanachan is the Director of Corporate Technology Office, SCG. She is responsible for the design and implementation of corporate-wide innovation management system that includes the management of R&D process, project portfolio, research financing and return monitoring, alliance development and intellectual property assets. The highly influential system enhances innovation commercialization and return on R&D investment. She is also responsible for driving the development of technology and new businesses, and has secured significant investment for expansion in sustainable technology platform and new venture.

Since 1990, throughout her career at organizations such as SCG and Thai Plastics and Chemicals PCL, Dr. Wilaiporn has held leadership roles in research, product development, sales and marketing, compound business and new business development. She is also an active board member of National Science Technology and Innovation Policy Office, National Nanotechnology Center, PETROMAT, and a leading board member of several organizations including the President of LES Thailand.

Dr. Wilaiporn is the recipient of Petroleum Institute of Thailand Innovation Awards 2009-2010 and she is recognized as SCG Pride Awards winner. She also appears in Who is Who in the World, 19th -32nd Edition, 2002-present, Who is Who in Asian 2007, Who is Who in science and Engineering 7th Edition, 2003, The Marquis Who's Who, USA.

Dr. Wilaiporn holds a Ph.D. in Organic Chemistry from the University of Cincinnati, USA and a Master of Science in Organic Chemistry from Mahidol University, Thailand. She has also completed Harvard Business School's Advanced Management Program, Strategic R&D Management by INSEAD and Management Development Program by Wharton School of Management.
